LADIES' HAIRDRESSING IN LONDON AND PARIS By Constance.

When I was in Europe this year I found both cities so thickly dotted with hairdressing parlors and hair goods stores that I wondered if the women ever had time for anything but care of the hair. Personally I was chiefly interested in finding a was chiefly interested in finding a really good shampoo, and I found that they never use makeshifts, but always some item made for shampooling only, and I was happily surprised when several inquiries each brought the suggestion that our own American made canthrox shampools best. They like it because in addition to being perfectly safe and best. They like it because in addition to being perfectly safe and making the hair free from all dandruff, excess oil and dust, it is so simple to get canthrox from any druggist and just dissolve a teaspoonful in a cup of hot water, knowing you will then have a preparation that makes the hair not only aration that makes the hair not only entirely clean, but so fluffy that it appears very heavy. Canthrox stim-ulates the scalp to healthy action, making the head feel. making the head feel good and the hair look good.-Advertisement.
